ANNUAL
SCIENTIFIC
MEETING

FEBRUARY 2017
Friday 17.02.2017

ETHICAL
FACIAL
AESTHETICS

ALEXANDER HOTEL, DUBLIN 2

2.00PM

Verifiable CPD Points (pending)

**Dr Kieran Daly, Orthodontist
Orthodontics and
facial aesthetics**

Kieran graduated from the Dental School at Trinity College Dublin and later completed a masters in orthodontics there. He completed a fellowship with Dr Renato Cocconi from the University of Milan in advanced orthodontics and multidisciplinary dental care.

**Mr Dylan Murray,
Plastic Surgeon and Dentist
Aesthetic surgery of the
facial skeleton**

Dylan is a graduate of the Dublin Dental Hospital and has a fellowship in oral surgery. He is a fully accredited plastic surgeon with the Irish Medical Council and is certified with the European Board of Plastic and Reconstructive Surgeons. He works in the Mater Hospital in Dublin and is the clinical lead at the National Paediatric Craniofacial Centre at the CUH Temple Street.

**Dr Kenneth Kurtz,
Prosthodontist
Cosmesis v aesthetics:
ethical treatment is EZ
when needed!**

Ken received prosthodontic specialty training at Montefiore Medical Center, New York, and maxillofacial prosthetic training at

Columbia University. He is Clinical Professor of Prosthodontics and Director of the Division of Maxillofacial Prosthetics at Stony Brook University School of Dental Medicine.

**Dr Callaghan Condon,
Dermatologist
Title to be confirmed**

Callaghan is a graduate of RCSI, was awarded a Dermatology Foundation Fellowship and has worked at the Pittsburgh Cancer Institute. This work involved investigating novel techniques for genetic immunisation against melanoma and formed the basis of his MD thesis and a publication in Nature Medicine. After leaving the USA, Callaghan completed his training as a senior registrar at the Bristol Royal Infirmary. He is now in private practice in the Blackrock Clinic.

**Dr Sue Boynton,
Dental Protection
Ethical dilemmas in
facial aesthetics**

Sue is DPL's Head of Dental Services for Ireland and a senior dento-legal adviser. As well as having over 20 years' experience in primary care dentistry, Sue has a masters degree in medical law, a fellowship from the Faculty of General Dental Practice and is an NLP Master and a trained mentor. She lectures internationally on the subject of risk management.

**Glenn McEvoy,
Dental Technician
Digital dentures**

Glenn qualified as a dental technician in 1987. He completed an advanced framework design course with Vitallium Germany. He has developed Eurocast as a leading dental laboratory in implant technology working with many systems. Believing that a modern dental laboratory must embrace technology, Glenn has invested heavily in techniques such as Nobel Procera, in-lab 3D CAD/CAM and accepting digital dental impressions.

DCRS. He is an elected independent member of Mayo County Council and a member of the HSE West Forum. He served a five-year term as a member of the Dental Council. He also served as Industrial Official of the Irish Transport and General Workers' Union and SIPTU.

**Dr Nick Armstrong,
Infection Control
Advisor**

Infection prevention and control in the dental surgery: 2017 update
Nick qualified in 1974 from the Dublin Dental University Hospital. He worked in private practice for 16 years. He was the dental representative on the EHB/ERHA Infection Control Advisory Committee and was the dental representative on the National SARI Committee. He has been involved in the production of infection control guidelines and standard operating procedures for dentistry.

**Michael Kilcoyne
Facilitator, DCRS
Dental Complaints
Resolution Service –
how it works and can
benefit dentists**

This lecture will be followed by a Q&A session.
Michael is Deputy Chairman of the Consumers Association of Ireland and is facilitator of the

DIARY
2016-2017

IDA
irish dental association

Welcome to the 2016-2017 season of the Metropolitan Branch of the IDA.

Welcome to our exciting season of lectures from the Metropolitan Branch of the IDA. Our 2016-2017

line-up features lectures from experts across all specialist areas of dentistry. This year we have invited overseas speakers to join our Irish-based lecturers. We will also continue the suppers for learning, which provide members with an informal forum to explore a leading-edge dental topic over dinner.

We are delighted to announce early Christmas drinks following the November meeting, and we look forward to catching up with fellow colleagues.

We will host a joint meeting with the Irish Endodontic Society to kick off the new year. In February, we will build on the success of last year's extended evening scientific meeting. Our theme is ethical facial aesthetics and in addition to the usual CPD points, this also attracts a DPL risk credit.

Afterwards, we will catch up with retired dentists over dinner. We finish up in March with the AGM. Particular thanks to our ever-generous sponsors who make this all possible.

Dr Una Lally
President of Metropolitan Branch, IDA.

Dr Richard Lee Kin, Periodontist
Diabetes and periodontal disease

Richard is a periodontist and founder of the Mint Clinic, Dublin 2. He received his undergraduate degree in dentistry at the Dublin Dental University Hospital in 1996. In 2010 he completed a clinical doctorate at the Dublin Dental University Hospital and is certified by the European Federation of Periodontology. He has lectured for the IDA and the IDHA nationally.

in higher education and a PhD in oral medicine. In 2011, she was appointed as a Speciality Doctor in Oral Medicine at Eastman and commenced her undergraduate medical degree at Barts and The London School of Medicine and Dentistry. She has also developed the first discipline-specific patient-reported outcome measure in oral medicine.

Dr Declan Corcoran, Periodontist
Surgical guide to avoiding peri-implantitis

Declan maintains a practice limited to periodontics and implant dentistry in Dublin. He is a Board-certified periodontist with the American Board of Periodontology. He teaches at the Dublin Dental University Hospital on the postgraduate programme in periodontology. His current interests are gingival grafting and the management of peri-implantitis, the topic of his presentation.

Dr Rícheal Ní Ríordáin, Lecturer in Oral Medicine
Infection in oral medicine

Rícheal is an NIHR Academic Clinical Lecturer in Oral Medicine at the Eastman Dental Institute, London. Having graduated from UCC, she was appointed as Clinical Fellow in Oral Medicine in 2008 in that university. She completed a postgraduate diploma in teaching and learning
